Experience South Dakota!

Are you looking for a great, South Dakota experience? Check out this week's great place nominee, Pereboom's Café located in Webster, SD right next door to Boomer's Casino. Established in July of 1976, this family owned establishment is in its fourth generation of ownership. The current owner, Jay, is the second family owner after his father Junior Pereboom opened it. Now Jay and his family work there to keep the tradition going.

The Dakota Burger topped with cheese and a strip of thick sliced smoked bacon, is the most popular beef item on their menu.

Pereboom's prides itself in their food being all homemade and fresh. Steaks cut in their kitchen, and bakery goods made daily in their kitchen, their food is sure to be a hit!
